

P3 Implementation: Post-Session Articulation Mapping - Day 1

Framing Your P3 System

Starting prenatal, what are key levers of child development that you want to impact?	What district programs and services impact children's development and learning?	What community programs, services, and initiatives impact children's development and learning?

Leadership of and Throughout your P3 System

Who needs to be involved in leading P3 in your district/community and what are their roles?	Who has ultimate responsibility for ensuring P3 work continually moves forward?	What is the role of leaders in your P3 system? How do you ensure leaders understand their roles and responsibilities?

Initial Planning for Your P3 System

What essential data and resources do you need to include in planning your P3 system?	How do you collect, align, and use your data and resources meaningfully and coherently?	Describe your vision for your P3 work? How does it align with your district vision? With community priorities/needs?
